# Business Model Generation

# Business Model Generation

**Production and Logistics**

Anything beyond content creation is outsourced to readily available service providers.

**Differentiation**

An entirely different format, business model, and story for the book makes it stand out in a crowded market.

**Community**

The book is co-created with practitioners from around the world who feel ownership thanks to attribution as contributing co-authors.

**Buyers**

Paying customers are not only readers, but co-creators and companies that want customized books for their employees and clients.

# THE CANVAS OF BUSINESS MODEL GENERATION

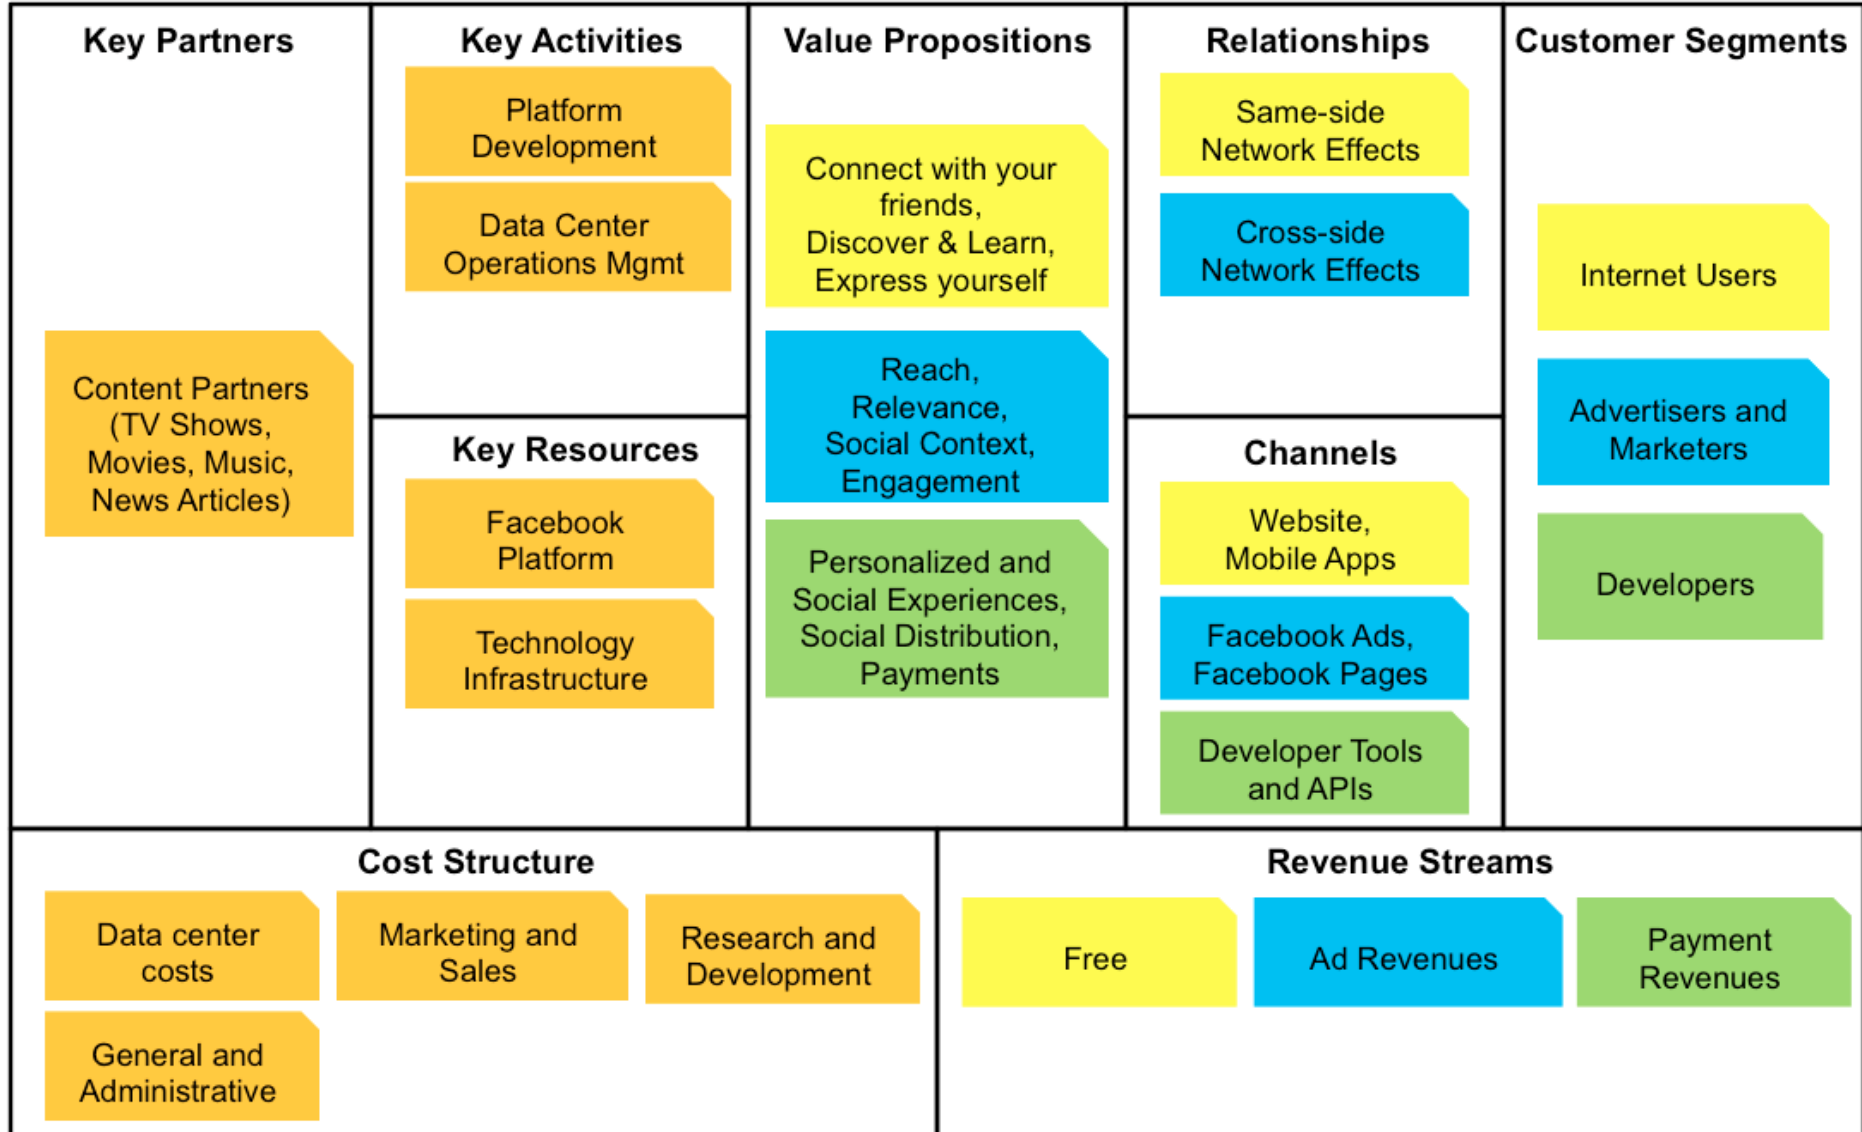

**Reach**

A mix of direct and indirect Channels and a phased approach optimizes reach and margins. The story of the book lends itself well to viral marketing and word-of-mouth promotion.

**Revenues**

The book was financed through advanced sales and fees paid by co-creators. Additional revenues come from customized versions for companies and their clients.
