Marketing

- “**Marketing** is an organizational function and a set of processes for creating, communicating, and delivering **value** to customers and for managing customer **relationships** in ways that benefit the organization and its stakeholders.” *(Kotler & Keller, 2008)*

Marketing Management

- “Marketing management is the art and science of choosing target markets and getting, keeping, and growing customers through creating, delivering, and communicating superior customer value.” *(Kotler & Keller, 2008)*

Marketing

Selling

Selling is only the tip of the iceberg

“There will always be need for some selling. But the aim of marketing is to make selling superfluous. The aim of marketing is to know and understand the customer so well that the product or service fits him and sells itself. Ideally, marketing should result in a customer who is ready to buy. All that should be needed is to make the product or service available.”

Peter Drucker

Social Media and the Voice of the Customer

- Listen to the **Voice of the Customer (VoC)**
 - Social media can give companies a torrent of highly valuable customer feedback.
 - Such input is largely free
 - Customer feedback issued through social media is qualitative data, just like the data that market researchers derive from focus group and in-depth interviews
 - Such qualitative data is in digital form – in text or digital video on a web site.

不簡單的宣傳片段!! 裡面完全沒帶半點廣告氣色, 亦完全沒有感到是在播廣告!! 而且他完全不會想在電視來放!! 因為在電視大家就會以為是在看廣告!! 但在電腦世界大家就會以為是真的什麼新的連續劇!! 成功的廣告, 不會在廣告裡說那是什麼產品!! 兩個字已經完全地帶出廣告意思!!! 不簡單的廣告!! 不簡單的姓沛和拉NO佛
